Segundo extra >> utiliza una redirección IP fija...

Si tu dirección IP es diferente a cada conexión te dificulta la audiencia. Existe una solución: utilizar una redirección gratuita en la web [no-ip](http://no-ip.com). Tendrás siempre la misma dirección IP del tipo **radionet.no-ip.com**.

Para abrir tu cuenta no-ip pinchar **Sign-up Free!**.

The screenshot shows the No-IP.com website interface. At the top left is the No-IP.com logo with the tagline 'THE DYNAMIC DNS LEADER'. Below the navigation bar, there is a login section with 'Email:' and 'Password:' labels, each followed by a text input field. To the right of the password field is a 'Login' button with a key icon. Further right is a 'Lost Password?' link. Below the 'Lost Password?' link is a 'Sign-up Free!' button, which is highlighted with a pink rectangular box. A pink arrow points from the top right towards the 'Sign-up Free!' button. To the right of the 'Sign-up Free!' button is a 'Domain Search' link.
